- Write professional emails

➤ AI Tools

- ChatGPT

Use in Word:

- Application writing
- Essay writing
- Letter writing
- Content generation

- Google Gemini

Use in Word:

- Creating notes
- Generating study material
- Paragraph writing

- Microsoft Copilot

Use in Word:

- Document drafting
- Content suggestions

- Grammarly AI

Use in Word:

- Grammar correction
- Sentence improvement

- QuillBot

Use in Word:

- Paraphrasing
- Text summarizing

- Wordtune

Use in Word:

- Sentence rewriting
- Content improvement

- Rytr

Use in Word:

- Blog writing
- Content writing

- Copy.ai

Use in Word:

- Marketing content
- Article generation

➤ **AI Tools for Microsoft Excel (Data & Calculations)**

➤ What You Can Do with AI

- Generate Excel formulas
- Analyze data
- Clean data
- Suggest charts
- Create tables
- Explain data

➤ **AI Tools**

- ChatGPT

Use in Excel:

- Generate Excel formulas
- Explain data
- Solve Excel problems

- Microsoft Copilot

Use in Excel:

- Data analysis
- Create charts
- Identify patterns

- Rows AI

Use in Excel:

- Data analysis
- Spreadsheet automation

- Sheet AI

Use in Excel:

- AI formulas
- Data processing

- Numerous AI

Use in Excel:

- AI calculations
- Data insights

➤ **AI Tools for Microsoft PowerPoint (Presentations)**

- What You Can Do with AI
 - Create slides automatically
 - Generate presentation content
 - Improve slide design
 - Generate AI images
 - Write presentation scripts

➤ **AI Tools**

- Gamma AI
 - Use in PowerPoint:
 - Generate full presentations
- Tome AI
 - Use in PowerPoint:
 - Story-based presentations
- Canva AI
 - Use in PowerPoint:
 - Slide design
 - Presentation templates
- Beautiful AI
 - Use in PowerPoint:
 - Professional slides
- SlidesAI
 - Use in PowerPoint:
 - Convert text into slides

➤ **AI Tools for Images & Graphics**

➤ **AI Tools**

- Canva AI
- Bing Image Creator
- Leonardo AI

- Ideogram AI
- Playground AI

➤ **AI Tools for Video Creation (Presentation & Content)**

➤ **AI Tools**

- ElevenLabs
- Murf AI
- PlayHT

➤ **Final Practical Projects**

Students will create:

- Resume using AI
- Excel data sheet with AI formulas
- AI PowerPoint presentation
- AI poster design
- AI video presentation
